Dear Customer,

With reference to the EC REACH Regulation 1907/2006 and its subsequent technical adaptations and amendments, we declare that ELVI srl is not a manufacturer nor importer of chemical substances and is not subject to registration. Furthermore our products do not release any substance in conditions of normal or reasonably foreseeable use.

We also verified the absence of substances indicated in Annexes XIV - XVII of the same Regulation 1907/2006 / EC (REACH).

We have also verified through our suppliers compliance with Article 59; we can therefore declare that, within the products supplied to you, there are no SVHC substances (Substance of Very High Concern - i.e. mutagenic, carcinogenic, toxic for reproduction, persistent, bioaccumulative, endocrine destructive) substances or in any case contained in a concentration lower than 0.1% (weight / weight).

On the basis of what has been declared, the aforementioned Company maintains active the actions necessary to guarantee the continuity of the supply chain, specifically: updating the information necessary with reference to the evolution of the REACH Regulation, the search for alternative suppliers with the aim of guaranteeing continuity of supply, research and development of alternative processes and substances in order to guarantee customers the continuity, quality and performance of the products supplied.

Best regards,

Devid Cazzavacca
