JVL Birkerød Denmark 2023-10-06

To Our Valued Customer,

Re. Declaration of Origin of Raw Material (Iron, steel, copper)

Background

Due to the imposed sanctions of Russia importers are advised to include assurances that imports are not of Russian origin in contractual agreements.

Origin Information:

1. Products:
 - a. Integrated Electrical Servo Motors
 - b. Integrated Electrical Stepper Motors
 - c. Brakes and gears
 - d. Accessories
2. Certification of Origin:
 - a. We certify that raw material (e.g. iron, steel, copper) used in the production of our products does not originate from the Russian Federation or the Republic of Belarus.
3. Traceability:
 - a. We maintain records of our suppliers and the sources of our raw materials to ensure traceability and accountability throughout our supply chain.

Statement

I, hereby declare the origin of the raw materials, specifically iron, steel and copper, used in the production of our products. This declaration is made in accordance with the relevant trade regulations and customs requirements.

Signature and Contact Information:
